ELECTRICAL NEWS BRIEF

Volume 1, Issue 4

February 15, 2005

Area Change City of Middleton now has own inspection staff

On February 8, 2005 the Electrical Bureau was informed that the City of Middleton had adopted ordinances that effected the inspection processes within their jurisdiction. This notification is that as of February 1, 2005 the city of Middleton will be issuing electrical permits and electrical inspections will be done by electrical inspectors contracted by the city. The State of Idaho will complete the inspections on the permits that were submitted to the bureau prior to February 1, 2005. Please refer to the map below as a reference. If there is any question on if your job is in the city of Middleton please contact either the city of Middleton at 208-585-3133 or the Electrical Bureau.
